## SUMMARY

As a fresher, I am eager to embark on a career as a Python developer. My interest in this versatile language drives my passion for learning and growth in this field. I have a solid grasp of Python basics, including variables, data types, control structures, functions, and introductory modules and libraries.

I am looking forward to my first work experience.

## CERTIFICATES

Python For Beginners  
Python Intermediate  
Python Data Structures  
SQL Intermediate

## ➤ EDUCATION

### MADRAS UNIVERSITY

#### GURU NANAK COLLEGE

Master of Computer Applications (MCA)  
(2022-24) 85%

HTML  
CSS & Tailwind CSS  
JavaScript  
React & Next.js  
GitHub

## ➤ KNOWLEDGE

Python  
SQL  
EXCEL  
Manual Testing

## ➤ PROJECT

### FRONTEND-PODCAST WEB APPLICATION

I've worked in front-end development for podcasts at KG Data Solutions. It assists in lowering the maintenance expenses related to the business's existing podcast.

The Podcast web application is a user-friendly platform built on Next.js, Tailwind CSS, and JSX.
